1. Project Background

Some times even the nature is angry with poor people with cyclones, floods and earth quakes. It shows its anger by taking away all their crop, cattle and making them homeless. Many of them don't even have temporary shelter and some people are being haunted by terrible experiences left by the nature. But the poor people surviving on daily wages can't afford that much. We can not leave them for their fates!

Spandana Foundation wants to help these needy people by supporting them to have their houses constructed with the help of Government funds by contributing the initial minimum amount required to qualify for the schemes.

If unavoidable conditions like cyclone, floods, Tsunamis do a massive disruption to the normal life in India. Many villages are been

submerged in water and caused widespread damage to houses and crops, threw normal life out of gear. Many district one of the worst affected districts and most will be evacuated during the floods. Overall lot of houses will be damaged fully or damaged partially.

Your valuable donation takes shape of a house for the needy. Your name or the name of person on which the donation is made will be inscribed on the wall of newly built houses for the beneficiaries. It's a great honor to your loved one and to yourself that enlighten many hearts. Your donation of money and time will give rebirth to the hope on their future.

Many of them don't even have temporary shelter and some people are being haunted by terrible experiences left by recent floods and cyclones etc.

But the poor people surviving on daily wages can't afford that much. Your valuable donation takes shape of a house for the needy. Spandana takes great pleasure to provide the help to the homeless and naturally affected people during the natural disasters. Spandana will provide help with construction of home, provide food, Medicine and basic needs with partnership of other organization and support of volunteers.

For any natural disaster Spandana will come with the guidelines on how to help and who are the eligible for the help. This depends on the intensity of affect and affected area.

9. Leadership

Spandana is a non-profit charity organization deeply involved in helping poor and needy people of Andhra Pradesh to make a positive difference in their lives. All of us have the ability to make a difference in someone's lives back home. Spandana has been started with this sole purpose two years ago as charitable trust and is striving hard to make a difference in education, health care and better living of poor and needy. Spandana has made significant impact in these areas for the past two years. Spandana helped lot of poor students to pursue higher studies, supported expensive surgeries for people with poor economic background and organized health camps in rural areas. This year, the trust had developed ambitious action plans to adopt government schools (Vidyalaya), adopt poor students (Pratibha), help the homeless (Aashraya) and support poor people financially for health care (Cheyutha) there by making a difference in others lives.
